Forecast For Wales
Issued by Met Office Exeter
at 1600 on Friday 24 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Fog possible under clear skies tonight.

This Evening and Tonight:
Rather cloudy across Wales with clear spells at times, bringing a risk of some patches of fog forming. Staying dry for most however, with the odd spell of drizzle possible over high ground. Feeling mild overnight. Minimum temperature 14 deg C (57 deg F).

Saturday:
Saturday will be a largely dry day, but often cloudy with bright or sunny spells at times. The odd spot of light rain or drizzle is possible in the north. Maximum temperature 21 deg C (70 deg F).

Outlook for Sunday to Tuesday:
Sunny spells with some showers possible on Sunday, before a band of rain arrives overnight. Scattered, blustery showers on Monday and Tuesday, heavy at times with possible hail and thunder.
